FOCUS 9 SOCCER ACADEMY

WHO WE ARE

The Focus 9 Soccer Academy is an ongoing, long-term, supplemental training Program for players ages 8 – 18.

The program was developed by Patrick Di Stefani, a former European player and coach. The program combines the European (Belgium, and Dutch Premiere League) philosophy of player development with fun and motivational training technique to produce a high quality training environment.

Focus 9 Soccer Academy draws upon an American and international staff of accomplished former European professional soccer players and coaches, who are selected for their experience and expertise as trainers.

Focus 9 Soccer Academy is the one organization that has the knowledge and staff to meet each player's requirements, at every level of playing ability.

Soccer players can improve only if they play and work with the very best. We pride ourselves in being a teaching academy.

For nearly 10 years players trained by Focus9 Soccer Academy have played in the European professional leagues, Colleges, University and National Teams.
